JITSolutions Unveiled 'LEARNCERTIFY'

JITSolutions, a renowned ICT company in Nigeria, has unveiled its latest product, 'LearnCertify.' The innovative online learning platform empowers individuals from all walks of life to pursue their dreams of becoming certified ICT professionals while acquiring industry-relevant skills from the comfort of their homes.

Having trained over 10,000 students and earned 5,000+ global certifications, we leverage our 15 years of industry experience in IT training, certification, and software development. Distinguished by our technical expertise, we own Edusolutions, a learning and school management software integral to our virtual learning program and employed by over 50 schools in Nigeria, engaging over 50,000 users. Furthermore, we've established a decade-long partnership with industry leaders like Oracle University and Pearson VUE for training and certification through our training company, JIMAC INFOTECH NIG LTD.

Learncertify

Our
Certification

Earn Industry-Recognized Certifications and Achieve Success with Learncertify.

At the end of our programs. students are made to write and seat for the Learn Certify internal remote certification exam to test their competence in the respective courses. Students will also be recommended for the global certification exams which validate their skills globally in their respective skills of study. This is what we stand for. They "Learn" and they "Certify".

Get certified and recognized by enrolling in Learncertify's IT skill-building programs. Our courses are designed to help you acquire the knowledge and skills needed to succeed in today's competitive IT landscape.
